

SPRYNG ESSENTIAL

TANKLESS REVERSE OSMOSIS.
PURE WATER, BEAUTIFULLY INTEGRATED.

SPRYNG Essential delivers mineral-rich, great-tasting water on demand—without a storage tank or electricity. Designed to fit seamlessly under your sink, it uses your home's water pressure to provide purity, efficiency, and peace of mind.

Pure water.
Smarter living.
Essential by design.

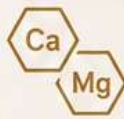

TANKLESS DESIGN

Space-saving and continuous pure water on demand.

NO ELECTRICITY

Uses your home's water pressure.
No power, no noise.

MINERAL-RICH WATER

Advanced RO filtration with remineralisation for better taste and balance.

SMART TDS DISPLAY

Real-time water quality monitoring and filter life reminder.

ULTRA QUIET

Engineered for silent performance in your home.

PURE WATER. BETTER LIVING.

Why Choose SPRYNG Essential?

Thoughtfully engineered for better water,
a better home and a better future.

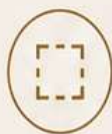

TANKLESS DESIGN

Space-saving and clutter-free. Endless pure water, on demand.

NO ELECTRICITY

Operates entirely using your water pressure. No power, no plug, no noise, no running costs.

COMPACT & HIDDEN

Sleek system fits neatly under your sink, keeping your kitchen clean and out of sight.

ULTRA QUIET

No booster pump, no storage tank—just a quiet flow of water.

SMART & INTELLIGENT

Real-time TDS monitoring, auto flush and filter life reminder ensure optimal performance.

ULTRA-EFFICIENT WATER USE

Industry-leading 4:1 pure-to-drain ratio uses significantly less water than many conventional RO systems.

4:1 PURE-TO-DRAIN RATIO

Every 4 litres of purified water, only 1 litre goes to waste.

4L PURIFIED WATER

ADVANCED PURIFICATION

EXCEPTIONALLY PURE.
PERFECTLY BALANCED.

SPRYNG Essential uses advanced multi-stage filtration to reduce up to 99% of contaminants while restoring essential minerals for naturally balanced, great-tasting water.

THE 3-STAGE PURIFICATION PROCESS

Every drop passes through a powerful purification journey.

1 DUAL-LAYER ADVANCED CARTRIDGE (PPC)

- Sediment
- Rust
- Chlorine
- Odours
- Sand
- Particles

Removes sediment, rust, sand, chlorine and other impurities for cleaner, fresher water.

2 0.0001 MICRON REVERSE OSMOSIS MEMBRANE (RO)

- Dissolved Salts
- Heavy Metals
- PFAS / PFOA
- Bacteria
- Viruses
- Microplastics

The heart of the system. Reduces up to 99.9% of dissolved contaminants, including heavy metals, PFAS, bacteria and viruses.

3 ALKALINE + MINERAL ADVANCED CARTRIDGE (CM2)

- pH Adjusts pH
- Ca Calcium
- Mg Magnesium
- K Potassium
- Zn Zinc

Restores essential minerals and balances pH for better taste and overall wellbeing.

REDUCES UP TO 99%

Effectively reduces contaminants for exceptional purity.

MINERAL-RICH WATER

Replenishes essential minerals for naturally great taste and balance.

SMART TDS MONITORING

Real-time TDS display shows your water quality at a glance.

AUTO FLUSH SYSTEM

Automatic membrane flushing extends filter life and ensures consistent performance.

4:1 PURE TO DRAIN RATIO

High efficiency means more pure water and significantly less wastewater.

BUILT FOR RELIABILITY

Quality components for daily, long-term performance you can trust.

PURE WATER. BETTER LIVING.

SPRYNG.CO.ZA

Better Hydration.

FOR YOU, YOUR FAMILY
AND THE PLANET.

SPRYNG Essential delivers pure, mineral-rich water that supports everyday hydration, helps you feel your best and reduces reliance on bottled water—good for your health and the environment.

BETTER HYDRATION

Supports everyday hydration with pure, great-tasting water you'll want to drink.

BETTER PROTECTION

Advanced filtration reduces contaminants so you can drink with confidence.

BETTER FOR THE PLANET

Less bottled water means less plastic waste and a lighter footprint.

BETTER LIVING

Clean, mineral-rich water that fits seamlessly into a healthier lifestyle.

PURE WATER. SMARTER CHOICE. ESSENTIAL BY DESIGN.

Experience the difference that truly pure, mineral-rich water can make.
