

SPRYNG SIGNATURE

Pure Water. Made Simple.

Advanced reverse osmosis purification in a compact countertop system.

No plumbing. No complicated installation. Simply fill, plug in and enjoy fresh, purified water at home.

Advanced
RO Purification

No Plumbing
Required

Compact &
Portable

Affordable
Purified Water

One System.
Thousands of Bottles Eliminated.
Years of Better Water.

STILL BUYING YOUR DRINKING WATER?

THERE IS A SMARTER WAY.

Switch to affordable, remineralised RO water at home and save money, time and the planet.

STILL BUYING BOTTLED WATER?

EXPENSIVE OVER TIME

Small cost every day,
big cost every month.

HEAVY & INCONVENIENT

Carrying packs of bottles
is a hassle.

TAKES UP SPACE

Cupboards and floors
fill up fast.

NEVER-ENDING PLASTIC

More plastic waste,
more impact on our planet.

PRICE KEEPS RISING

Bottled water prices
keep increasing.

YOU RUN OUT

When you need it most,
it's not there.

UNKNOWN QUALITY

You can't always be sure
what's in the bottle.

VS

SPRYNG SIGNATURE

AFFORDABLE EVERY DAY

for a fraction of bottled water.

FRESH WHEN YOU NEED IT

Purified water on demand,
right at home.

SAVES SPACE

Compact countertop design
fits perfectly anywhere.

LESS PLASTIC. BETTER PLANET.

Fill your own bottles and
reduce waste.

LOWER LONG-TERM COST

One investment. Years of
clean, great-tasting water.

NEVER RUNS OUT

Make fresh purified water
whenever you need it.

RO PURIFIED. REMINERALISED.

Removes 1000+ contaminants
and restores essential minerals
for better taste and balance.

THE REAL COST OF BOTTLED WATER

A family of 4 drinking
bottled water can spend

R3,000+
per month*

* Based on 5L bottles.

SPRYNG Signature
costs less than

R10
per day

after the initial investment.

Better for
your **wallet**.

Better for
your **health**.

Better for
our **planet**.

PERFECT FOR
STUDIOS, APARTMENTS,
FAMILY HOMES & RVs

PLUG & USE
NO INSTALLATION
REQUIRED

ADVANCED RO

PURE WATER THROUGH ADVANCED FILTRATION

STILL BUYING BOTTLED WATER?

EXPENSIVE OVER TIME

Small cost every day, big cost every month.

HEAVY & INCONVENIENT

Carrying packs of bottles is a hassle.

TAKES UP SPACE

Cupboards and floors fill up fast.

NEVER-ENDING PLASTIC

More plastic waste, more impact on our planet.

PRICE KEEPS RISING

Bottled water prices keep increasing.

YOU RUN OUT

When you need it most, it's not there.

UNKNOWN QUALITY

You can't always be sure what's in the bottle.

PRE-FILTRATION

Captures sand, rust, silt and other large particles.

ACTIVATED CARBON (CTO)

Reduces chlorine, odours, pesticides and organic chemicals for better taste and odour.

RO MEMBRANE (0.0001 MICRON)

Removes up to 99.99% of dissolved impurities including heavy metals, PFAS, nitrates, microplastics, fluoride and more.

POST CARBON POLISHING

Further refines the water, improves taste and delivers crisp, clean freshness.

ALKALINE MINERALIZATION

Adds natural minerals like calcium, magnesium and zinc. Restores a balanced pH for water that is milder, healthier and closer to nature.

POWERFUL FILTRATION. PROVEN RESULTS.

Removes 1000+ contaminants by 99.99%

Reduces chlorine, odour and unpleasant taste

Lowers TDS and dissolved impurities

Reduces heavy metals, PFAS, pesticides & nitrates

Restores natural minerals for balanced, great-tasting water

UV protection for cleaner, safer water

THE REAL COST OF BOTTLED WATER

A family of 4 drinking bottled water can spend

R3,000+
per month*

* Based on 5L bottles.

SPRYNG Signature costs less than

R10
per day

after the initial investment.

Better for your **wallet**.
Better for your **health**.
Better for our **planet**.

PERFECT FOR EVERY SPACE

Studios, apartments, family homes and RVs.

PLUG & USE

No complicated installation. Ready in minutes.

REAL-TIME MONITORING

TDS, filter life & water quality at a glance.

3.5:1 ULTRA-EFFICIENT

3.5:1 pure to drain ratio saves water and reduces waste.

SAFE, CLEAN, GREAT TASTING

Advanced RO purification you can trust.

BETTER WATER. BETTER LIFE.

For you, your family and the planet.

ADVANCED ALKALINE MINERALIZATION TECHNOLOGY

Natural mineral fossils and alkaline stones are ground into fine powder, evenly mixed with activated carbon and sintered into carbon rods. This ensures minerals are evenly distributed for optimal contact and absorption—naturally restoring RO water to its pure, healthy state.

No chemicals added. Purely natural.

PURE. PROTECTED. PERFECTED.

CERTIFIED QUALITY. COMPLETE PEACE OF MIND.

CE / ROHS / EMC CERTIFIED

Built to international standards for safety, performance and reliability.

PURE TECHNOLOGY. BETTER WATER.
DESIGNED FOR YOUR WELL-BEING.

DESIGNED FOR MODERN LIVING.

PURE WATER. BETTER LIFE.

Water is essential to everything we do.
SPRYNG brings you pure, great-tasting water
that supports your health, your home, and
a more sustainable future.

BENEFITS THAT FLOW INTO YOUR LIFE

PURE & SAFE

Advanced filtration removes
99%+ of harmful contaminants
for clean, healthy water.

GREAT TASTE

Reduces chlorine, odors and
impurities—delivering refreshingly
pure, delicious water.

BETTER HEALTH

Supports hydration, digestion,
and overall well-being for you
and your family.

ECO-FRIENDLY

Say goodbye to plastic bottles
and reduce your environmental
footprint.

COST-EFFECTIVE

Enjoy premium water at a fraction
of the cost of bottled water—
every single day.

SMART & CONVENIENT

Sleek design, easy operation,
and low maintenance for
everyday convenience.

EVERY DROP MATTERS.

Choose SPRYNG for your home
and experience water the way
it was meant to be.
